

Do Not Install Smart Meter

STOP

Do not install a Smart Meter on my property/residence at _____.

Smart Meters come with a cost of \$1 billion and nearly 400 jobs. This sign gives notice of my refusal to give permission for Smart Meter installation on my property/residence.

BC Hydro/Corix do not have my permission to be on my property for the purpose of installing a Smart Meter. I still authorize BC Hydro meter readers access to my property for the purpose of reading the non-wireless meter manually.

This sign is provided by COPE 378, which represents almost 400 meter readers in communities across BC.
